This certificate prequalifies the named company to bid solely. It is not a statement of the company's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the contractor's responsibility to update their licensure information by editing their electronic application. Licensure is confirmed by the DAS at time of initial application and at each renewal.

It is the Department of Administrative Services' (DAS) recommendation that all awarding authorities verify the above information by visiting the DAS website: <http://www.das.state.ct.us> - click on contractor prequalification (under the business section).
